Re: Testimonial

To Whom It May Concern,

Stone Temple Baptist Church is a non- profit Organization and have always taken pride is paying our financial obligations, yet due to a multitude of financial factors we found we could no longer maintain our bills.

The economy in Chicago was suffering unemployment reached a all-time high of 19%. Offerings and Tithes were declining year after year. This was a trend happening all over the city in Chicago. Our costs were increasing. Gas, electric and several of our leases where falling behind. Creditors were calling all day. Letters were received demanding payment in full and now. We just did not have the funds to make payments that were being demanded. We did not know where to turn.

We found Corporate Turnaround. They immediately took the stress away and started to take the phone calls from the Creditors. They took our limited budget and began to negotiate and created settlements with our creditors. Eventually the creditors wrote our remaining debt off and we completed our program. Thanks to CT we are still providing services to the people in Chicago. Again thank you CT.

Sincerely,

Your company's results may vary. Every restructuring has a unique combination of issues and factors, including the length of participation in the program. All of these variables affect individual outcomes. There are no "typical" results. Until a debt is resolved, creditors may continue with their collection efforts, including phone calls and legal action. CT does not provide any legal services or legal advice.
