To Whom It May Concern:

I would like to send the biggest thank you that I possibly could to Adam Lang at Corporate Turnaround. Our business would have went bankrupt years ago without their assistance and guidance through our debt restructuring.

There was a time that we thought we would have to shut our doors due to delayed payments and overdue invoices. As a result, we were forced to take high interest loans in order to keep our business afloat. We were limping along and Adam provided a light at the end of the tunnel for us. Although the tunnel was long and, at times, seemed never ending, we plugged away until we eventually came out the other side. With Adam's gentle perseverance, endless patience, and open communication throughout the entire process, we were able to reach settlements with all of our creditors that satisfied everyone involved.

Adam took care of everything. He handled all the creditors and settlements and made the payments on our behalf accordingly. He worked hard to get the best possible deal for our business and kept us updated every step of the way. While Adam took care of our debt, our staff was able to continue working with peace of mind that we were going to be OK.

Corporate Turnaround has online access so that you are able to track exactly what stage each account was in. It was very helpful and we logged onto the database every day. When each account moved to finalization (Stage 10), it was a great feeling. Our business credit report began to look better with each passing month.

My advice to any business that has taken Merchant Cash Advances that they are not able to handle – Let Adam help you! He was able to settle every bit of our debt and save us about \$110,000. I truly do not know what we would have done without Corporate Turnaround and Adam.

God bless Corporate Turnaround and, especially, Adam Lang for all your encouragement and assistance for the past few years.

Your company's results may vary. Every restructuring has a unique combination of issues and factors, including the length of participation in the program. All of these variables affect individual outcomes. There are no "typical" results. Consult with a licensed attorney regarding the applicability of bankruptcy. Debts may increase until a resolution is reached. There are no time limits for reaching settlements. Some creditors may settle after CT's first set of offers, and others may be resolved later on. Settlement offers range from pennies on the dollar to payment in full. There is no guarantee of savings.
