To Whom it May Concern,

In 2016 we worked for a company that left us with five jobs either not paid or partially paid which left us in a huge deficit as we had at least ten employees who needed to be paid. I felt I had no choice but to go to a lending company to cover costs to fund our business and keep it going. After some paperwork I was able to get a loan, which quickly turned into three loans, that totaled a large amount of money. The daily take out of funds to cover the three loans was too much to take so we contacted Corporate Turnaround and were able to work with them to settle the loans. They were able to settle the three loans at a very comfortable amount to keep our business going. All three loans are taken care of and that mess is behind us. Thank you, Corporate Turnaround, for keeping our business going.

Sincerely,
