To Whom It May Concern,

Adam [REDACTED] and Corporate Turnaround have helped my business weather many storms and restructure my company's crippling debt.

We were stuck in a terrible situation with our creditors who were aggressively pushing us to pay enormous fees on our debt. Within a few anxiety ridden months, they performed a perfect "turnaround" for us on all accounts. With CT handling all of the communication, negotiation, and ultimately the payments for each creditor-- I was able to take a much needed deep breath, readjust my priorities and focus on my business to re-build it back to the success it was just a few short years ago. What a RELIEF!

I really appreciate everything they've done for us and even under the pandemic of COVID-19 they were fast to respond and care for our business just like it was their own. My credit is back in a great place, and we are now on a path towards prosperity again!

Please don't hesitate to contact this truly professional organization to help your business when you feel there is no place else to turn. They are here to help so please don't hesitate to call before it is too late!

Best,

Your company's results may vary. Every restructuring has a unique combination of issues and factors, including the length of participation in the program. All of these variables affect individual outcomes. There are no "typical" results. Until a debt is resolved, creditors may continue with their collection efforts, including phone calls and legal action. CT does not provide any legal services or legal advice. There are no time limits for reaching settlements. Some creditors may settle after CT's first set of offers, and others may be resolved later on.
