Dear Adam,

I wanted to take this moment to show my appreciation for all the fine business professionals at Corporate Turnaround that worked on my account. I couldn't be happier with the results the program produced for my business [REDACTED].

I came to Corporate Turnaround owing roughly \$16,000.00 worth of credit card debt, all with extremely high interest rates. I was getting absolutely no where with them. Small payments here and there do nothing to your balances with such high interest rates on each. Corporate Turnaround took over the credit cards, put me on an affordable monthly payment plan, and let me focus on work. Month in and month out, Adam L and his team worked on my account until a resolution was reached on each one cards. I was truly surprised at the settlement agreements Corporate Turnaround was able to secure for my business. It was remarkable.

The plan from the beginning was to get each creditor into a payment arrangement that was simply more affordable for my limited budget. I was never sold on savings, but rather time. "Time is your friend, Sergey" I would hear Adam say over and over again--- and boy was he right. One by one each creditor agreed to something that worked for me. Not only did they settle, they all actually settled for LESS and took payments over time as well! Game. Set. Match. [REDACTED]!!!!

When all was said and done, I ended up paying \$10,688.63 TOTAL for my credit cards, which INCLUDES what I paid Corporate Turnaround! God knows how much I would have ended up paying them if I continued to make those small payments. Thank you so much Corporate Turnaround, you SAVED MY BUSINESS!!!!

Your FRIEND

[REDACTED]

Your company's results may vary. Every restructuring has a unique combination of issues and factors, including the length of participation in the program. All of these variables affect individual outcomes. There are no "typical" results. Debts may increase until a resolution is reached. Settlement offers range from pennies on the dollar to payment in full. There is no guarantee of savings.
