

To Whom it may concern:

I wanted to take a moment to thank the wonderful people at Corporate Turnaround for the unbelievable work they completed for my company [REDACTED] the past 3 ½ years.

THANK YOU ALL SO MUCH!

[REDACTED] provides in-home private duty nursing services to the community and is also very heavily involved in the State's Medicaid program.

In September 2011, I began to feel a tremendous amount of stress and pressure each month when it came to paying our bills for the business. Being in business for many years and never having to go through this type of situation, it was very difficult and it took the life right out of us. We didn't want to file bankruptcy, and really wanted to pay all of our creditors what was owed, but we needed to do it at a new affordable monthly amount—but our creditors simply wouldn't agree.

I didn't know what to do or who to turn to. I searched the internet and luckily found a local company that specialized in the type of debt restructuring services we needed done. I spoke with a salesman named Tim [REDACTED] who explained the program to me in great detail and even stopped by our office to get the paperwork signed and away we went. Adam [REDACTED] worked miracles and was my go to guy from the get go. Way to go Adam!

I couldn't believe how CT got my creditors to accept payment plans that they would never in a million years have agreed with me directly. 3 ½ years later and our business is back on track and out of debt. We couldn't be happier! I would recommend Corporate Turnaround to any business owner that really wants to do the right thing and get their debts paid off, and also done the right way. CT knows what they are doing! THANKS!

Your company's results may vary. Every restructuring has a unique combination of issues and factors, including the length of participation in the program. All of these variables affect individual outcomes. There are no "typical" results. Consult with a licensed attorney regarding the applicability of bankruptcy. There are no time limits for reaching settlements. Some creditors may settle after CT's first set of offers, and others may be resolved later on.
